DETAILED ACTION

1. Claims 4-6, 12 and 20 are cancelled. Claims 1-3, 7-11 and 13-19 are pending.

Response to Arguments

2. Applicant's arguments, see pg. 9, filed October 11, 2005, with respect to claims 10 and 19 have been fully considered and are persuasive given the example set forth in lines 9-20 of pg. 28 of the specification where the secure database or certificate indicates the corresponding set-top box provides adequate protection defines the scope of adequate protection. The rejection of claims 10 and 19 have been withdrawn.

Claim Objections

3. Claims 13-15 objected to because of the following informalities: Claim 13 depends from cancelled claim 12. Appropriate correction is required.

Allowable Subject Matter

4. Claims 1-3, 7-11 and 13-19 are allowed.
5. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 8 and 17:

As indicated in the previous office action, Marconcini and Davis fail to disclose a secure digital appliance comprising a digital message encrypted with a first key that includes additional secret keys wherein once the digital message is decrypted with the first key to obtain the

additional secret keys, then one of the additional secret keys are used in order to decrypt the digital content. Marconcini and Davis also fail to disclose sending an additional second or third message encrypted with a second or third encryption key and containing an additional second or third key to decrypt digital content.

None of the other references cited in the prior action combine to disclose the amended limitations to claims 1, 8 and 17.

An updated search did not uncover any new prior art. Marconcini and Davis are the closest art of record. No art disclosing, nor motivation to combine has been found which recites the previously stated limitations.

All other pending claims are dependent upon allowable claims 1, 8 and 17 and are allowable for that reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
